

PENTAGON RENOVATION

SECURITY OF HAZARDOUS MATERIALS

No. 98-08

1.0 PURPOSE

This document sets forth the policy concerning the security for hazardous materials used during the renovation of the Pentagon.

2. Policy

All hazardous materials, including, but not limited to gasoline, acetylene, volatile spirits, etc., must be kept in spill-proof containers, and stored in secure areas in accordance with guidelines promulgated by the Environmental Protection Agency, the Occupational Safety and Health Administration, and state and local regulatory bodies.

3. Procedures

Construction contractors must provide to the contracting officer a listing of such materials and the methods which will be followed to prevent tampering, misuse, or theft by unauthorized users. Failure to do so will result in disciplinary action.
